Let's enjoy supper
Toss your tears of today into power for tomorrow

la-la-la wonderful love & life
la-la-la dear love & life

To the day that was given our best
Along with a goodbye and thank you
Let's end it with a smile
That is my small prayer

In spring, the flowers bloom and the greenery sprouts
Look, all the tears are floating away on the wind

la-la-la wonderful love & life

[ENGLISH TRANSLATION]
There is always something shining through the sky
from the gap in the stars as I look up.

It looked like there would be an even
good thing happened to me then.

Tomorrow you said a bright path leading to the future.

I loved you I love you
That day and tomorrow.

I can never forget your innocent smile
Because I have seen that smile.

Even if you are surrounded by many people
You smile like a child.

If I could smile like you that night
I'd be perfect.

I wanted to smile
That day and tomorrow.

The love that I have for you and
that you have for me is so pure.

There is no one else in the world
like you and me.

There is a beautiful tomorrow
That day and tomorrow.

There is a beautiful tomorrow
That day and tomorrow.

I looked up the blue sky that tomorrow for a long time
I hope something is going on and I will wait for it.

Even if I wait, I will wait for it
I will wait for it.

Both the sky and the earth are so beautiful
I want to see them again.

Even if I see them again
I will wait for them.

With a lot of hope, I want to see them
Through the stars that are in the sky.

Through them it is like the sky will be so blue
I will wait for them.

Both the sky and the earth are so beautiful
I want to see them again.

Even if I see them again
I will wait for them.

Both the sky and the earth are so beautiful
I want to see them again.
