★ Repeat

[English Translation]
Just like a cruel angel
Hey boy, let yourself become the myth

Even the blue wind
A knock on the door of your heart,
You just keep looking at me and smile
Touch it lightly
You're too absorbed with
Demanding your own needs
Helpless eyes, you don't even know
Your own destiny, yet

But, you'll realize someday
That you have wings
On your back
To aim for a distant future

★ A Cruel Angel's Thesis
You'll fly away from the window someday
With the spouting hot pathos
If you betray the memory
Hey boy, let yourself become the myth
Who holds this universe and shine

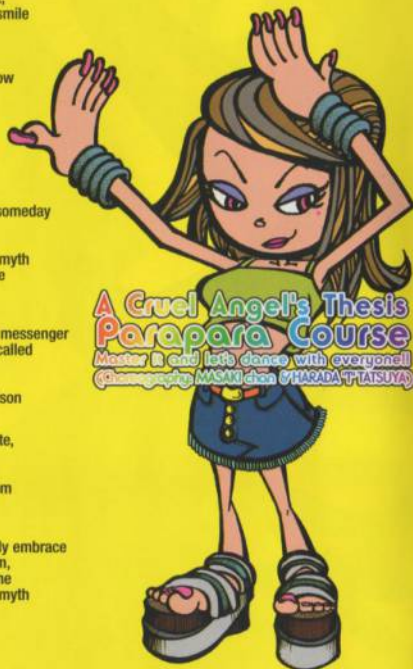

Sleeping long
In the cradle of my love
You'll be the one and only dream messenger
There'll be a morning that I'll be called
Moonlight is projecting
On the thin neck
Although I want to stop and imprison
The time in the world

So if the two of us, meeting by fate,
Is to have meaning,
I'd be a bible
From which to learn about freedom

A Cruel Angel's Thesis
Then sadness begins
The shape of life, which you tightly embrace
When you'll wake from that dream,
You'll emit lights more than anyone
Hey boy, let yourself become the myth

People make history
While they're spinning love
I'm living
Without becoming a goddess

[English Translation]

You kicked a stone in your frustration
If it bounces back, it might even become a diamond
Dreams you can get right away aren't really dreams, you know
Still, I believe that they'll be granted without fail
I love you because you don't get discouraged
If you ever want to cry,
I'll always, always be by your side

You get to burning

Face it proudly, as it befits you
The days when you're enraptured are pieces of your dream
You get to burning
As you pick up those pieces, you aim for tomorrow
I can see your courage - To be...
Going your days, grow up!

Let's live with good grace and style...
Even if we get separated...
Take my revolution

In a schoolyard (garden) brightened by the light, we held our hands to
Give each other our pledge and comfort
That we would never have fallen in love
Such a strong unity changed its form
We're stalwart now
Our life style, everyday... everytime

We stuff our slight loneliness
Into the picture of our cheek-to-cheek smiles

Gracefully with style, we'll be women so cool that everyone will turn around
Even if we get separated, our hearts will stay together

In that there is a boy she loves
However, as soon as she transforms with her angel cap

I'm sure I can do anything
With the things there
It all depends on the usage of the spell and the head

I'm sure you can do it, too
Magic is mysterious
It can even make a rectangle shaped tofu into a round shape

When I get hungry, the spell is
Pi Po Pa
Soon enough the noodles will be
Delivered to me
When a cockroach appears,
The spell is Shu Shu
Without making a mess on the floor or my hands,
I can exterminate it easily

When I get sleepy
I'd fall onto the bed and already be asleep
After laying down,
I'll be fine in the morning

I'm sure you have it, too
The magical power
If you dream about a dream, it won't be a dream

I'm sure
Anyone can use magic
That's right

I'm sure I can do anything
With the things there
It all depends on the usage of the spell and the head

I'm sure you have it, too
The magical power
If you dream about a dream, it won't be a dream!

Ah, someday, I'll take your hand as you're putting your head down

Come back to me
Following memories
To the source of gentleness and dreams
In order to shine to the stars once again
And to be born
Soul's refrain

Your naked skin, wrapped in blue shadows,
Trembles quietly in the moment of time
As if you're asking for the whereabouts of life
Your fingertips search for me

The person of my destiny whom I embraced
Is like an ephemeral flower that blooms in season
You're leaving behind the scent of hope in your chest
Quickly scattering in a splendid form

Come back to me,
Before you're born
To the land in which you spent your time
Come back into my arms
To meet again
Miracles do happen over and over
Soul's refrain

I'm sure there are winds that will not be defeated by regret
I feel that I can go forever with you

Until everyone engraves your name in their heart
The one who searches for the dream nation
To the smile that overcame the sadness
Is it okay to trust you?

While I search for the paradise of a dream,
I want to keep on gazing at you running
You're so proud without any dirt

It can't be true! You come running

Love's fuse
Runs through my body
So I won't fall apart
I have to stay calm

But today I feel a little
Like a confused little kitten
If you attack me using niceness
I might just have to give in, meow

[English Translation]
Holding on to feelings I can't speak of
You fill my heart
But it's heart-rending and I can hardly hold back the tears
Your eyes gaze upon her
I feel your feelings will never change
But just a little, just for a moment will you see me
If I were to have met you before anyone else
Could I have loved you freely?

One more time, one more time
If I were to be born again
Next time around
I want to be your number one

[English Translation]
I came to this land to protect you
I was born to meet you
In that moment of awakening
The prism starts to spin

To love you now
I was born to hold you
Lies and truth
All are within me

I've left my heart abandoned in these days
I won't lose
Kindness and love
Let's try to take it back once more

* Living our lives as puppets
Lost somewhere between zero and infinity
The strength to sever the knotted thread
Lies still asleep within your heart

To feel warmth
I live not forgetting tears
Even in my distant memories
A system that has deeply etched

To bring back the smile
I walk alongside with you
Love and betrayal both
Lie in hiding equally

I won't become fearful
Of trusting man
Only looking straight ahead,
Let's change tomorrow

Deep within the wind-up doll's eyes
The heart moves to the dream it was programmed to dream

The courage to throw out the rusted screw
Is already taking root in my heart

* Repeat

★★ Repeat

[English Translation]

The crowd of this fast-moving time is
Running through the city, which is a savanna
Surrealist news is happening alternately,
And when tomorrow comes, everybody forgets it
I'm alive, I'm living now
Seeking something in my life
Just like how I wiggle myself and slip away
Because I want to test my ability

★ There's an "answer" somewhere for sure The answer for why we were born
Everyone seeks for that and goes
Towards helpless dreams he can't set free

★★ I'm not afraid of getting hurt but I'm not strong anyway for that
Simply, I don't want to have regrets because I didn't do anything
Here we go! Go! I'll keep running No one can stop me
To the me of the future Give me a reason for life... I wish I could deliver one

Even if an infinitely huge darkness
Comes nosily towards me,
When the morning comes or if there is someone with me,
I can erase the despair in my heart

I have an image of myself smiling more strongly...
The feeling of believing in myself, that is
The thing which moves me closer to the dream which is, itself more than anything or anybody

I won't be leaning on my goal even when I reach it
Because surely a new dream will push at my back again
Here we go! Go! I'll keep running No one can stop me
To the me of the future Give me a reason for life... I wish I could deliver one
