[English Translation]

"Good morning" - a "wake-up signal" to the clear blue sky
A wonderful something seems to be happening

If I climb, I'll kick it away
I'm rising ahead in a hop, skip way
The candy in my pocket is dancing, "Hearty!"

- "Ready, set" and here I go
It's the magical charm for feeling great joy
Always happy! I want to be laughing
"Make a dash" and let's go
Lan-tan,2 with anticipation I press

Sound the sun that's like a Ferris wheel.

"Sweet morning" - I wake "hello" to birds in the sky
A wonderful day is surely under way

No dead ends for me - I'll jump over, it's okay
I'm rising ahead in a hop, skip way
The sweet candy in my pocket dancing, "Hearty!"

"Ready, set" and here I go
It's the magical charm for bringing great joy
Always happy! I want to be laughing
"Make a dash" and let us go
Lan-tan,2 with excitement I feel
Sound tomorrow that's like a Ferris wheel.

Make me a friend, and turn pink

[English Translation]

Peeking through a crack in the ground
I am here, a white flower whispers to me

I stretch my arm out and reply...
"It's okay, I'm here by your side"

Watching over a newly blossomed flower
"Some day you'll grow into a big rainbow"
Hard to hard, together...

People walk by too hurried to see
No care for the flower or me

Don't rush, go at your own pace
It's okay, I'm here by your side

Watching over the blossoming small flower
"Some day you'll grow into a big tree"
Hard to hard, together...

Watching over the thriving small flower
"Some day you'll grow into a big dream"
Hard to hard, together...

Lyrics & Composition: Sora Izumikawa

Summer feelings reach out to the mountains and the sea
By white clouds are calling out to me

Let the sunshine make it everlasting

[English Translation]

Different moments turn then pass away
But feelings of anticipation I'll always treasure

Quietly yearning, a sky full of stars
Drops of sadness, they twinkle and shine
Like a spotlight so brilliant and fine

- My eyes are like the marble moon clear and bright
They float like a drifting ark
Let's go and find, beyond the shining star,
The bright future somewhere afar...

Different seasons return then rush away
But honestly, sincerely I'll always treasure

Gently lay out the evening skyline
And sparkling stars - a shining point how that it is so fine

☆ My heart is like the marble moon, clear and bright
It swirls like a drifting ark
Let's go and find, beyond the shining star,
The bright future that waits somewhere afar...

- ☆ Repeat

The sound of the wind melts into the sky

Create a carpet of reddish-brown
Autumn wind, autumn wind
Please whisper to his ears - "I love you"

[English Translation]

Hopping on the sunset train, where shall I go alone?
Chase drifting clouds until someone catches me

Like these days I depend just on my only home
Watching my shadow grow longer and longer

Touched by twilight I feel lost and lonely
"Will it be a nice day tomorrow..."
I hope it'll be a nice day, I hope

Hopping on the sunset train, where shall I go alone
With the lingering evening glow and a sentimental me!

Like these days, side by side, I walked with a friend
I wonder if I still can laugh like then

The sunset reflects on my face, a little pain
"I hope it's a nice day tomorrow..."
It will be a nice day, it will

Hopping on the sunset train, where shall I go alone?
"I hope it will be a nice day tomorrow..."
It's a happy ending me

No shadow is lost and hard to find

Ah, everything is stained by the snow, the snow
Even the "I love you" on the road
Except one thing - and that I know,
It's the hidden love my heart will hold
